The Indian Institute of Packaging is an apex body of the packaging industries in India. Ceaselessly working since 1966 with the active support of packaging and allied industries and Ministry of Commerce & Industry, Government of India. The Institute of dedicated to service the nation and the industry to achieve excellence in packaging. The facilities & services offered by the Institute are aimed at making existing modes of packaging perform better and developing new packaging to meet the demands of presents and new markets. The diversified activities of Institute encompass the entire spectrum of the packaging including Research, Development, Education, Training, Testing, Information, Exhibition, Design, Publication, Library and Database services. The Institute is closely linked with International Organizations such as World Packaging Organization (WPO) and Asian Packaging Federation (APF). The services are

recognized by the UNIDO (United Nations Industrial Development Organization), ITC (International Trade Center), The Commonwealth Fund for Technical Cooperation (CFTC) and the European Economic Community (EEC).

The Institute is authorized by Directorate General of Shipping and Directorate General of Civil Aviation, Govt. of India to undertake testing of bulk packages for the carriage of dangerous goods for export and also to issue the UN Certificate.

The Institute has been providing these services for more the 25 years.

The UN Certificates are normally issued to packaging materials manufacturers and Exporters. Due to this fact, we have been receiving lot of queries especially from the exporters, carrying and forwarding agencies, insurance companies about the rules and regulations for obtaining UN Certificates and also the method of testing of packages.
