Honorable Prime Minister Ji,

With reference of our earlier communication Number PMOPG/E/2019/0336539 OR PMOPG/E/2019/0360821 dated 1/07/2019 . We like to write down the method to make this reality

SWADESHI JAGRAN MANCH / Minister of Commerce can write a request letter to all the associations asking them to Propose and pass resolution whereby all the member agree to promote make in India by purchasing all the Gift and promotional article that are of Indian origin or made in India. for ex. if Pharmaceutical association passes a resolution where by every pharmaceutical company would not use any non Indian products for Promotion or gifting .

That associations members would implement that in letter and spirit. This would be a big victory for New India.

Starting with pharmaceutical associations then IT associations like Nasscom can do similar things other associations may copy the initiative slowly slowly we can make " MADE IN INDIA REALITY" for the Corporate world .

Now after few appreciation by PRIME MINISTER and other Ministers , it would be way of life common man and Indians would also stop buying Chinese products which are use for gifting such as rakhi which are coming imported or Diyas which are coming imported or rang panchami water gun etc.

Thus , those all articles need will generate jobs in India

My request is to do the needful and incase you need information please feel free to call me on my number - 9820202250 .

I had asked to propose to various mfg association to pass resolution to give only india gift , and generate job for 2 million Indians where as Mr. Misra choose to ask only phramexel association to give india gift. This job generation was just Zero

Appeal Text Sir , my purpose is generate 2 million jobs where any company giving gift has to give gift with Indian origin . There could be exception in life saving gift. I wish it should be reconsidered and take my input
